

# ResNet Checklist

---

## Don't forget to do these things before classes begin:

- Connect your computer to the BelleNet wireless network. Instructions are available in ResNet's Purple Packet.  
*[www.saintmarys.edu/resnet/resnetfaq/#connecting](http://www.saintmarys.edu/resnet/resnetfaq/#connecting)*
- Connect your smartphone to the BelleNet wireless network.  
*[www.saintmarys.edu/resnet/resnetfaq/bellenet.html](http://www.saintmarys.edu/resnet/resnetfaq/bellenet.html)*
- Submit a registration request for any Internet-capable device that you want connected to DeviceNet, such as your television, Apple TV, gaming station, and personal digital assistant.  
*[www.saintmarys.edu/resnet/resnetfaq/manualregister.html](http://www.saintmarys.edu/resnet/resnetfaq/manualregister.html)*
- Request your free license for Microsoft Office (Word, Excel, PowerPoint) if you don't already have one.  
*[www.saintmarys.edu/resnet/resnetfaq/#microsoftoffice](http://www.saintmarys.edu/resnet/resnetfaq/#microsoftoffice)*
- Install Microsoft Office on your computer. Instructions will be e-mailed to you after your license has been assigned.

## Additional things you may want to do:

- Install the Bitdefender security software on your computer.  
*[www.saintmarys.edu/virus](http://www.saintmarys.edu/virus)*
- Set up your Saint Mary's e-mail on your smartphone.  
*[www.saintmarys.edu/googleapps/mobile](http://www.saintmarys.edu/googleapps/mobile)*
- Set up Mobility Print so you can print from your computer and smartphone to the printers in the Trumper Computer Center.  
*[www.saintmarys.edu/printlimit](http://www.saintmarys.edu/printlimit)*
- Verify that you can sign in to QuickLaunch for access to the my.saintmarys.edu portal, Blackboard, and other resources.  
*[login.saintmarys.edu](http://login.saintmarys.edu)*
- Verify that you have successfully enabled Google 2-Step Verification on your saintmarys.edu account. Click on Security and scroll down to the "Signing in to Google" section to see if 2-Step Verification has been turned on.

## Important DeviceNet Reminders:

- Devices such as televisions, Apple TVs, gaming stations, and personal digital assistants must be registered before they will be able to connect to the Internet in the residence halls.
- When you complete the registration request online, please provide all required information or a delay in registering your device will occur.
- You will be notified via e-mail when your device has been registered.
- You may need to restart your device after it has been registered before it will connect to the Internet.
- All televisions, Apple TVs, and gaming stations in the residence halls must be connected to DeviceNet via a wired connection (Ethernet, RJ45) for Internet access.
